---

**WILDERBEE  
TALENT CAMP**

# ABOUT US

Wilderbee Talent Camp has been a life-long dream for our founder Supermodel Lakshmi Rana. In her 20 years of experience she saw time and again how lack of self-belief and proper training caused the downfall of many a modeling careers. She also wished to bring the same Inclusivity on the ramps as she saw in dressing rooms behind the show. And thus, Wilderbee was founded on the principles of Inclusivity and proper education, and driven by an urgency to make itself accessible.

# ABOUT COURSE

While we offer a lot of different services, the Professional Modelling Course is our flagship course. It is a five-day intensive training program where goal is transformation- of both the inner and the outer self.

Curated for any and all aspiring models to enter the fashion industry the right way, this course does not require you to fit into any age, gender, height, weight, or colour category.

Being trained under highly experienced individuals, you will learn tried and tested methods to increase your skillsets and self-belief. This course doesn't just teach you the technicalities of modeling, it develops your personality in such a wholesome manner that you become a person who can persevere.

"The five days at Wilderbee were nothing short of a life-changing experience. From someone who has always been self-conscious, I now feel more at ease in my own skin. I shall always look up to Laxmi ma'am for advice. I'm grateful for all she's taught me, including tactics, skills, and manners, as well as some essential life lessons"

-Anjitha

"After attending the WTC camp, I realised that gender fluid models can have a voice in the fashion business as well. I am grateful to Lakshmi Rana and her entire team for giving me their finest out look and teaching me that you don't have to be masculine or feminine to fit into any category; you are you and that is enough."

-Rishabh

"What I've learned in the last five days is something I'm going to believe in and carry with me for the rest of my life. Coming here changed my entire mentality about Beauty and taught me how to be honest and comfortable in my own skin."
